BRIEF ABSTRACT OF LETTER.

Requests that he may be permitted to purchase within budget limits animals, flower pots other garden requisites and also to execute minor repairs to his house without obtaining the previous sanction of Govt.

NOTES AND ORDERS.

There do not appear to be any orders defining the limits up to which the Super of Govt. Garden could incur, without previous sanction of Govt., expenditure under any of the minor heads in the Garden budget. Sanction of Govt. being applied for and obtained as necessity arises.

But in the case of horticultural shows it is usual for the Dep^t Gov^t Garden to ask for ~~an~~ a sum to be paid before each show, for a certain sum of out of the budgeted grant being placed at his disposal in a lump and having obtained the amount to submit detailed accounts for its expenditure after the show is over.

In the case of the Agri. Chemist (^{the head of} ~~an officer~~ another Scientific dept.) several orders seem to have been passed from time to time in this direction. G.O's no 72.245-6 of 28.7.02, ^{Agri 234 of 01} no 72.516-7 of 18.9.02 & no R 1149-20 of 7.3.06. ^{Agri 435 of 02} ^{Agri 91 of 05-8}

he had been permitted to incur ~~and~~ without Gov^t sanction ^{upt} expenditure within budget limits expenditure connected with agricultural ex^ts. purchase of apparatus & chemicals, gas house charges and purchase of scientific and agricultural books and journals. ~~These~~ These privileges were subsequently withdrawn by the issue of G.O. no

R 860-1 of 19.7.06 ~~directing~~ directing the Agri. ^{at the beginning} ~~at the beginning~~ Chemist to submit for the order of Gov^t ^{a list} ~~a list~~

^{of each quarter a list} of apparatus proposed to be bought during that quarter. This last order was ~~and~~ later on modified

by Gov^t Progs no R 10033-4 of 21.5.07 so as ^{Agri 132-02-4} to fix ^{the} a maximum limit of Rs 50 for purchases without Gov^t sanction subject to certain conditions.

Before fixing the ~~best~~ above-mentioned limit steps were taken to ascertain the practice, in British India with regard to such matters. Information having been received from the Secy that the Agri. Chemist & the Cryptogamic Botanist to the Govt. of India were allowed the privilege of direct purchase from manufacturers outside India of chemicals, apparatus & others required for experimental or research purposes up to budget limits, the Compt. was consulted in the matter. ~~He then Compt.~~ Mr. M. N. Krishna Rao who was then in charge of the Compt's Office, in his note of 27.4.07 ~~expressed the desirability~~ ^{expressed} that only if quite necessary, the relaxation of the rules or Govt. sanction may be allowed & up to a certain limit.

On the present case the Supdt. of Govt. Garden desires that he may be permitted to incur without previous sanction expenditure under the following heads:
1) Purchase of plants & seeds, (2) Purchase of animals ~~at a special price~~ & (3) Construction & repairs.
The arguments adduced by him are (1) that in the case of ~~animals~~ purchase of animals, ^{advantages} ~~advantages~~ ^{offers} ~~offers~~ ^{missed} will have sometimes to be lost if the receipt of Govt. orders should be awaited and (2) that in the case of garden requisites, garden work will ~~not~~ have to suffer if the necessary things are not provided "as the emergencies

of reason, weather etc. require." No reason is
stated why given with regard to construction &
repairs. It is not known why the Supdt.
~~It is not known~~ should presume that
applying for Govt. sanction is likely to cause
much delay. Whenever the necessity for the
purchase of any plants or animals is felt, if
only the urgency of the case ~~and~~ is explained
fully there can be no difficulty at all to have
~~sanction~~ the appl. sanctioned as soon as it is
received ^{among other things,} provided of course there is provision in the
budget. This will ~~not~~ ^{delay} ~~cause~~ ^{which} ~~put off~~ the
purchase by only a day or two, ^{which} ~~can~~ hardly be
considered ^{likely to cause} ~~any~~ great inconvenience.
It may be desirable, however, to fix ^{in this case} some limit,
as in the case of the Agri. Chemist, with regard
to purchase of plants or animals as well as
~~execution of~~ ^{execution of} minor repairs.

The Finl Secy. may be consulted.

The expenditure mentioned by
the Supt. of a Contingent
Character and it seems
sufficient if he exercises
in respect of it the power
conferred by Heads of Deptts
by go. of 9-10-06. If
necessary, even expenditure
on ordinary repairs
not costing more than Rs 25
on each work may also
be permitted to be incurred
by him. Cases involving
larger expenditure should be

in other departments.

If there are urgent
cases, an urgent application

of expenditure and the fact
that the Supt is an officer

there is not much force
in his argument that
there wd be delay in
obtaining sanction or
that delay wd cause any
loss or inconvenience.

I agree. I do not see what
difficulty there is in taking the orders

In this connection I beg to state that purchases such as of animals, garden requisites including flower pots, tools, implements, manure etc., of larger value have been usually made by this office without the previous sanction of Government. Similarly works including small ~~tax~~ structures, repairs to buildings etc., are being carried out. This arrangement, in my opinion is very desirable as it would otherwise entail much of unnecessary correspondence both in this office and in the Secretariat if such routine charges, as are of ^{an incidental} ~~a routine~~ nature ^{and} ~~be~~ defrayed almost everyday require the previous sanction of Government.

I may add that opportunities present themselves when purchases of animals have to ~~be~~ made then and ^{there} as dealers do not care to wait till orders are obtained and thereby the advantages of cheap bargain are unfortunately lost. Garden work suffers if all the necessities are not provided as the emergencies of season, weather etc., require.

Under these circumstances, I request that Government may be pleased to allow me to follow the existing

practice, which has always enabled this office to expend
the funds placed at its disposal with discretion and ^{to} economy.
